PUBLIC NOTICE  
11AAC 80.065

**Notice of Application under AS 38.35.070**  
**ExxonMobil Pipeline Company**  
**PIPELINE RIGHT-OF-WAY LEASE APPLICATION, ADL 416904**

On December 17, 2002, ExxonMobil Pipeline Company filed an application under the provisions of AS 38.35 (Right of Way Leasing Act) with the Commissioner of Natural Resources and the State Pipeline Coordinator's Office, 411 West 4<sup>th</sup> Avenue, Anchorage, Alaska 99501-2342 for a Right-of-Way Lease over State lands for the Point Thomson Pipeline. ExxonMobil Pipeline Company is seeking a right of way lease for the maximum term allowed by law, 30 years. A revision in the ownership of the pipeline to a Limited Liability Company is anticipated. The Limited Liability Company will include one or more of ExxonMobil Pipeline Company, BP Transportation (Alaska) Inc., ConocoPhillips Alaska, Inc. and/or ChevronTexaco Pipeline Company, as member(s) and/or with one or more of the named companies as Applicant(s) in its/their own name(s).

ExxonMobil Pipeline Company proposes to construct a pipeline to transport sales quality condensate. The proposed Point Thomson pipeline would extend approximately 22 miles from the proposed Point Thomson Central Processing Facility, located approximately 60 miles east of Prudhoe Bay, to a point of connection with the existing Badami Sales Oil Pipeline at the Badami Central Processing Unit. The 12.75-inch diameter pipeline is approximately 22 miles long and will handle a future maximum throughput of up to 100,000 barrels per day of liquid hydrocarbon at a maximum allowable operating pressure of 2060 pounds per square inch gauge.

ExxonMobil Pipeline Company requests a 400-foot wide (200 feet on either side of the centerline of the pipeline Vertical Support Members (VSMs) right of way for construction of the pipeline with some exceptions for ice/snow work pads, storage and lay down areas in support of pipeline construction. The applicant requests an operational right-of-way width of 100 feet, 50 feet on either side of the center of the pipeline.

The proposed pipeline will be located on VSMs along its entire length, except at road crossings, where it will be in casings or culverts. All creek and water crossings will be above ground on VSMs. The proposed route crosses approximately 22 miles of State lands. The following is a general description of the State lands that ExxonMobil Pipeline Company requests for the proposed pipeline right-of-way lease. All land is located within the Umiat Meridian, State of Alaska.

Sections 3, 4, 5, 6, Township 9 North, Range 23 East  
Sections 34, 33, 32, 31, Township 10 North, Range 23 East  
Sections 36, 35, 34, 33, 32, Township 10 North, Range 22 East  
Sections 1, 2, 3, 4, 5, 6, 7, 8, 9, Township 9 North, Range 22 East  
Sections 1, 2, 3, 4, 5, 7, 8, 9, 10, 11, 12, 15, 16, 17, 18, Township 9 North, Range 21 East  
Sections 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 21, 22, 23, 24, Township 9 North, Range 20 East

The public may obtain copies of the application at cost from the following location:

State Pipeline Coordinator's Office  
411 West 4<sup>th</sup> Avenue, Suite 2C  
Anchorage, AK 99501-2343  
Open Monday thru Friday  
Hours: 7:30 AM to 5:00 PM
